

****NEW****

Public School Immunization

In addition to the vaccines already required by the State of Montana:

- Students K-12th grade will need **2 doses** of **varicella** vaccine (chicken pox) **OR** documentation from a health-care provider of chicken pox disease.
- Students entering 7th grade – 12th grade will need **1 dose** of Tetanus, diphtheria, and pertussis (**Tdap**) **OR** documentation if they have already received their Tdap booster.
- No changes in exemptions or conditional attendance were made in the law.
