WELCOME

Victor School welcomes you as a member of its student body. Our philosophy is to accept each student as you are and help you develop to your fullest potential.

Students, parents, school and community are all partners in the educational process. A positive relationship, one based on trust and communication is essential for the continued growth and success of you, the student, and the school.

This handbook contains basic rules and regulations, which are necessary for the smooth and efficient operation of Victor School. All students are expected to know its contents, and as a citizen of this school, you are expected to follow these regulations. When situations occur which are not covered in the handbook, students should consult with the administration.

The faculty and administration extend to you our best wishes for a most meaningful and rewarding education at Victor School.

If a student or parent has a concern with a teacher, school program, or school student policy, the Victor School Board requests that the parent/guardian or student follow this procedure to express concerns or issue a complaint. It is our goal to solve a school concern at the lowest possible level:

1. Parent or student with teacher/staff
2. Parent or student with administrator
3. Parent or student with teacher/staff and administrator
4. Parent or student with board

Forms for the complaint may be obtained from the school. (A copy is at the back of this handbook). A copy of the handbook will be available in the library and the main office of the school.

### I. Enrollment Requirements

A. A birth certificate shall be presented at the time of registration.

B. A child must be five (5) years of age by September 10\(^{th}\) to enter kindergarten and six (6) years of age by the same date to enter 1\(^{st}\) grade.

C. Students entering school for the first time are required by state law to show proof that proper immunizations have been secured or an appropriate exemption executed.

D. The trustees may at their discretion assign and admit an adult who is nineteen (19) years of age or older, if there are exceptional circumstances that merit waiving the age provision of this section.

E. A student must attend school until he/she reaches his/her 16\(^{th}\) birthday or completes the 8\(^{th}\) grade, whichever is later.

F. Any change in mailing address or phone contact information must be immediately reported to the Office.

### II. Attendance

Victor School believes that regular attendance is a shared responsibility of the student, the parent/guardian and the school. The following policies and regulations have been developed.

As a student of Victor School, **YOU WILL BE HELD ACCOUNTABLE FOR EACH CLASS MISSED.**

Regular attendance at school is necessary, if students are to gain full benefit from their
educational opportunity. It is not the responsibility of the school to force students to attend high school after they have reached the age of sixteen (16), but it is the responsibility of the school to do everything it can to provide a learning environment, which will encourage students to attend. Students between the ages of six (6) and sixteen (16) must attend school by law. Accordingly, the administration is directed to enforce rules, which will bring about this result.

A. **Absences:** An absence is defined as any time a student is not physically present in a class.

B. **Admit Slips:** All 6-12 students **MUST** come to the office upon returning after an absence.

C. **Excused Absences:** All absences with parent/guardian permission by phone or note will be excused. Examples of excused absences include illness, medical and dental appointments, family emergencies, obtaining a driver's license, court appearances, and school related or extra-curricular activities. Vacations or trips that would place a student over four (4) absences in a quarter may be excused by the School Board. **Students will not be excused for absences during quarter/semester test week except for medical reasons.**

During a student's junior and/or senior year absences may be excused as school related for visits to post-secondary institutions. The student must have post-secondary visits pre-arranged through the counselor or administrator and proof of attendance by the college is required upon the student’s return.

D. **Unexcused Absences:** Any student who returns to school after an absence without notification from the parent/guardian will receive an unexcused absence.

A student will receive no credit for the class missed during an unexcused absence, will receive a discipline referral, and will be classified as truant.

E. **Truancy:** Any student who is absent from school without his/her parent/guardian's knowledge or permission will be considered truant or unexcused. Students leaving school without properly checking out will be considered truant.

Truancy includes skipping school, leaving class without being excused, not having parent/guardian permission to leave school, or not attending school without parent/guardian permission. Truancy is grounds for in-school suspension.

An absence is considered a truancy until parent/guardian approval for the absence is received.

F. **Notification of Absence:** Parents/guardians are charged with reporting to the school the fact of their child's absence and the reason for it. **Please call the office at 642-3221 as early as possible.** However, if parents fail to meet this responsibility, the school will call the home and verify the absence and its cause.

G. **Accumulated Absences:** Parents/guardians will be notified when students reach
HIGH SCHOOL/ MIDDLE SCHOOL SECTION

four and eight absences.
Students who accumulate a total of eight or more (unexcused) absences, excused or unexcused, in any one class in a semester and who do not have prior Board approval:

1. Will meet with the Principal to set up an attendance appeal committee meeting.
2. Will be counted as unexcused for all subsequent absences in that class. This means that students will not be allowed to make up credit for any work missed and will receive a no credit for those day’s activities.
3. Will not be allowed to miss school for any school activities such as field trips.
4. Will be considered ineligible for athletic activities.

Attendance Appeal Committee:
An appeal committee will be appointed by the administration consisting of two teachers, the guidance counselor, and an administrator. Guidelines for a successful appeal are:

1. No out of school suspensions
2. The review committee finds that the absences are the result of extenuating circumstances, such as:
   a. An extracurricular activity or public performance, approved by the School Board.
   b. Religious instruction
   c. A documented health care appointment - if the student begins classes or returns to school on the same day as the appointment
   d. A temporary absence resulting from any cause acceptable to the teacher, principal or superintendent, including personal illness, or illness or death in the immediate family
   e. A court proceeding documented by a court officer
   f. An absence required by State or local welfare authorities
   g. A family emergency or unforeseen instance requiring immediate attention
   h. An approved visit to a college campus

H. Participation & Absences: A student absent periods 5, 6 and 7 on a day of a scheduled activity will not be allowed to participate or practice in that activity unless approval has been obtained from an administrator. A student with an un-excused absence on the last day of the school week will not be allowed to participate in an activity on the following day, until they attend the next school day. Extenuating circumstances may be accepted with the prior approval of the administration.

I. Make-Up Work: For assignments given while the student was absent, one day of make-up time will be allowed for each day of absence. With absences longer than five days, the teacher may allow additional time.

Class Work: Students will have opportunities for learning course content by doing applied practice activities in class; thoughtful and relevant tasks which advance current themes. Students are responsible for all assigned coursework. Students will be provided specific instruction, guidelines and assistance for coursework criteria, and will be provided time in
HIGH SCHOOL/ MIDDLE SCHOOL SECTION

class to complete said work. Teachers will provide supplemental explanation and support as needed, before school, after school and any prearranged times with individual teachers. Students are required to submit coursework in accordance to due dates which are expressly communicated to students by their teachers in advance.

**Late Class Work:** Work submitted beyond the specified due date will be considered late. Students will be allowed eight school days to turn in coursework deemed late. Late work can be penalized no more than 25%. The teacher will provide specific guidelines.

**J. Tardiness:** Tardiness, unless the student is detained by a staff member or has parent/guardian’s permission, is defined as any unexcused attendance of a student beyond the scheduled time that a class begins. **TARDINESS OF TEN (10) MINUTES OR MORE TO A CLASS WILL BE CONSIDERED AN ABSENCE.**

1. On the second unexcused tardy in a class per quarter, and all subsequent tardies, the student will be given detention.
2. A student arriving late to first period on any day or fifth period on an open campus day must report to the office for a tardy slip. Ethos is considered part of first period.
3. A student arriving late to any other class will be dealt with by the classroom teacher.

**III. General Information**

A. **SCHOOL DAY:** The school day for grades 1-12 is from 8:10 a.m. to 4:20 p.m. STUDENTS SHOULD NOT ARRIVE AT SCHOOL ANY EARLIER THAN 7:45 A.M. Students should be picked up promptly after dismissal! A supervisor will be on duty until the buses depart at 4:20 p.m.

There is a prescription medication form that must be completed and signed by the physician and parent or guardian and an over the counter medication form that needs to be completed and signed by a parent or guardian. All medications (including non-prescription) brought to school must be turned in to the office and kept there.

F. **NURSE:** The school does not have a school nurse on a regular basis.

G. **PHYSICAL EDUCATION:** Physical Education is an important part of the school curriculum. Students are required to participate in PE unless they have a written medical excuse from a MD. Students are asked to have a pair of gym shoes to be left at the school for PE only. Wellness Education is a part of the curriculum in the Middle and High School. A link can be found on the school website at www.victor.k12.mt.us.

Homework refers to work, which the student is assigned to do on his/her own time as an extension of his/her regular work. X. Student Services

A. RESOURCE ROOM: The Victor Resource Room serves students who have special learning needs. In order to be eligible for the services offered in the resource room, the student must have been referred by the parent/guardian, teacher, counselor, or principal for testing. If qualified, and it is the opinion of a child study team, the student will be admitted to the program. An individual education plan (IEP) is developed for each student which helps the student learn at his/her level and rate. Periodic reviews of the student's progress will help insure the awareness of progress and will allow for revision.

B. TITLE I: Our Title I program is designed to meet the needs of students who have not reached the level of performance in reading or math they should have attained. It is the objective of the program to have each identified student increase his/her skills to grade level. Our instructional techniques include teaching students on a one-to-one basis, small groups, and teaching students on their instructional level. Both an elementary and a middle school program are offered.

C. SPEECH: Speech services are available for students who need them. The speech pathologist will:
   1. Evaluate speech, language, and voice disorders.
   2. Participate as a member of a child study team to determine if a student is handicapped and, if so determine his/her placement in the program.
   3. Design a speech/language program for the resource room teacher, parent/guardian, or classroom teacher to implement.
   4. Provide periodic follow-up and re-evaluation services to the student.

D. VISION SCREENING: Good vision is one of the keys to good academic performance. Therefore, it is very important that students be screened yearly for vision problems. Parents/guardians of students who appear to have problems are informed by letter of the results of the screening and asked to take the student to an eye care specialist.

E. HEARING SCREENING: Screening is provided each year as well. Results and recommendations are communicated to the parent/guardian of the student.

F. GUIDANCE SERVICES: Victor School provides a counselor to assist students with problems, either personal or school related. All staff members will provide assistance to students as well if needed. The purpose of the guidance program is to help students make a satisfactory adjustment to school, obtain information regarding advanced training, evaluate their abilities and talents, and help the student plan for the future. Support groups will be available for students who wish to join.

G. FLUORIDE MOUTH RINSE PROGRAM: Victor School in cooperation with the local board of health offers students K-6 a fluoride mouth rinsing program to prevent dental decay. Participants will rinse their mouths in school for one minute once each week under supervision. The solution is not swallowed. | This diploma prepares students for admission in the Montana University System. (Out of State Colleges may have additional requirements) | | | This diploma offers difficult and challenging courses designed to prepare students for competitive universities, academic scholarships, and AP courses can lead to early college credit. It is also considered the most rigorous core option and can be used to apply for more financial aid moneys if your family qualifies.
HIGH SCHOOL/ MIDDLE SCHOOL SECTION

* 1 credit = 2 semester  * .5 credit = 1 semester  * AP = Advanced Placement- College level courses offered on the internet. Students must pass an exam to receive college credit. # Highly recommended but will be required starting with the Class of 2015.

IV. **Pupil Load**

The minimum pupil load for grades 9-12 is up to the administration. Dropping a course more than four (4) days after the beginning of the semester means a failing grade in the course. In extreme circumstances exceptions may be made subject to approval of the administration and the teacher.

A student will have two (2) days to drop or change a course for the FIRST Semester and two (2) days to drop or change a course during the SECOND semester.

A teacher assistant (TA) position is for .25 credit/semester. A student with upper class status must make a request to the administration or counselor for a TA position. Priority for teacher assistant positions will be given to students in grades 11 and 12.

Office Aide, mentorship, Athletic assistant, Math assistant, Reading Assistant, Science Assistant, and Library aide will be given .5 credit. (Mentorship is defined as tutoring elementary students.)

Course Plan

The counselor will work with each student to develop a four-year plan of course of study. The plan will be sent home for parent approval and updated each spring as necessary.

VI. **Correspondence Course**

For a correspondence course to count towards graduation, that course must be approved by the administration. No more than two (2) credits earned through approved correspondence, extension or summer school courses from accredited institutions may be applied toward graduation.

VII. **Independent Study**

A. Independent study courses have been developed in the Victor School District to be used for summer school courses, alternative school courses and for courses needed for special circumstances. Students can take up to 2 credits (4 semesters) in independent study credit that will be counted toward high school graduation. The independent study credits and correspondence credits will be combined when both are used and they may not exceed 2 credits. Independent study courses will be available to students in the following circumstances:

   1. As a summer school credit.
   2. To make up for courses that have been failed in the regular curriculum.
   3. As an advanced course that is not offered through the regular curriculum these will be offered by the staff in charge of these subject areas (example- Independent Study Computer Science).
   4. When schedule conflicts prevent the student from taking the course through the regular curriculum.

B. Students must meet with a counselor, the independent study teacher, and an administrator for approval prior to enrollment.

C. Credit will be given when the student completes the course at .5 credits for each semester course. Detailed information on independent study courses can be obtained at the school.

D. MTDA Online Courses: Courses offered through the Montana Digital Academy are offered at Victor School District. The courses are taught by instructors from Montana schools with the main purpose for
the course offerings being to expand course offerings in smaller rural schools. The courses are accredited and recorded as a course on the student’s transcripts. The courses are taught through an online form and are usually facilitated by an onsite teacher/monitor in the computer labs. Students enrolling in these course offerings should be upperclassmen in grades 11 or 12 because the courses are challenging, and the course instructor is not available for daily help as the instruction/communication is entirely online. Students who would like to enroll, who are not in grades 11 or 12 must appeal to a committee made up of administrator, teacher and counselor. The committee will review the appeal and decide to enrollment. Student appealing enrollment must have at least a 3.0 cumulative GPA.

The MTDA courses cannot be used to bypass a regular course that is offered at Victor High School unless there are extenuating circumstances, such as the regular class cannot be fit into a student’s schedule or the student has a medical hardship and must learn online at home. Other unusual circumstances will be considered. Students who enroll in a MTDA course to by pass a regular course that is offered at Victor High School must appeal to a committee made up of an administrator, teacher from the academic area in question and counselor. The committee will decide on enrollment.

VIII. Dual Credit
- Students in grades 11 and 12 have the opportunity to take dual credit classes through an accredited university or college.
- Students taking dual credit courses will be allowed release time equivalent to the time the course time of the class being taken.
- Dual Credit classes will count as one half high school credit for each 3 hour course being taken.

Student Mentors/ Office Assistants/ Teacher Assistants
A. Athletic assistants, Math assistants, Reading assistants, Science assistants, Office aides, Library aides and Mentorship will earn ½ (.5) credit per semester for completion of the pass/fail course. A student may only have one mentor class per semester.

A. Leaving the School Grounds or Building
1. Students may NOT leave the school building or grounds at any time during the day unless they have reported to the office and received permission to do so. Parents who wish to have their student leave the school during the day must contact the school office in advance or send a note with the student before the student may be released.

**SECTION 3**

**POSITIVE BEHAVIOR INTERVENTION SYSTEM**

Positive Behavior Intervention System (PBIS) is a positive behavior system that teaches students to be respectful, responsible and ready. Students are expected to follow codes of conduct posted through the school. Students who are observed being responsible, respectful and ready can receive rewards from school staff. Refer to Appendix C to view the PBIS Behavior Matrix.

A strong and fair discipline system helps to insure safety and order in the learning environment. It can also help to insure that no one will be denied his/her education because of the actions of others in the classroom or school. A discipline system should also be at the heart of our desire to teach students the difference between right and wrong and that they are responsible for their actions and the consequences of those actions. The staff and administration at Victor School will work together to achieve these ends.

It is hoped that students will follow our rules and show respect to others around them, as well as to school property. When they fail to do so, they are liable for disciplinary action.

I. **State Law**

It is important, too, that it is recognized that Montana law clearly establishes guidelines for student behavior:

Any pupil shall comply with the policies of the trustees and the rules of the school which he/she attends; pursue the required course of instruction; submit to the authority of the teachers, principal, and district superintendent while he/she is in school or on school premises, on his way to and from school, during lunch hour or recess.
DISCIPLINE

Any pupil who continually and willfully disobeys the provisions of this section, shows open defiance of the authority vested in school personnel by this section, defaces or damages any school building, school grounds, furniture, equipment, or books belonging to the district, or harms or threatens to harm another person or his/her property shall be liable for punishment, suspension, or expulsion under the provisions of this title.

When a pupil defaces or damages school property, as defined above, his/her parent or guardian shall be liable for the cost of repair or replacement upon the complaint of the teacher, principal, superintendent, or any trustee and the proof of such damage.

II. Due Process

Courts tend to agree today that in serious disciplinary matters; i.e. those that might result in expulsion or long-term suspension, students have a right to due process. As a general rule, then, the more serious the alleged offense, the more thorough and careful our procedures must be. Due process is a legal term which implies procedural fairness. We therefore will:

A. Tell the student what he/she is alleged to have done and mention the school rule prohibiting such action.
B. Tell the student the evidence against him/her and hear his/her side of the story.
C. If it becomes necessary to pursue the matter beyond simple in-school discipline, the responsibility for assuring the student's right to adequate due process will be assumed by the administration.

III. Appeal

A basic ingredient of law, is that one who is not satisfied with a decision may appeal it to a higher authority - this, too, is an integral part of due process. Thus, the student may appeal a decision of a teacher to the principal, and the principal's decision to the superintendent. The superintendent's decision may then be appealed to the Board of Trustees, and if still not satisfied, the student may (through an adult) appeal his/her case to a court.

IV. Fairness

It is understood that teachers and the administration will always attempt to administer these policies and rules in a fair and equitable manner. It must be remembered by all, though, that each case must be judged on its own merit.

V. High School/ Middle School - Be Responsible, Be Respectful, Be Ready

Any awards earned for athletic season prior to the suspension or expulsion will be granted.

VI. Classroom/School Wide Discipline
At all levels of our discipline process, we want to involve the parents/guardians of our students. It is absolutely essential that the school and parents/guardians work together to help students become responsible young people who know and understand the difference between right and wrong. Students are under the jurisdiction of all school personnel, whenever they are on school property or are involved with school activities.

Students may be ineligible for school-sponsored trips (class field trips, pep-bus trips, senior trip, 8th grade trip) if there is documented evidence of persistent and major discipline referrals for that quarter/semester.
DISCIPLINE

A. DETENTION

1. Individual teachers will determine the rules and guidelines for conduct in their own classroom. The rules will be explained during their first week. The teacher will also explain the consequences if the rules are violated.

2. In addition, good behavior, both on the grounds and in the halls, is important in helping set the tone of behavior in the classroom and during the other scheduled times during the school day. It also helps the individual students improve their own self-discipline.

3. Detention – Major Infraction
   a. Detentions may be assigned to students for violations of classroom and/or school rules.
   b. Detention MUST be served the next school day following the day it is given unless prior arrangements are made with the Principal. Bus students may not be kept after school the day of the infraction unless the parent/guardian has been contacted to arrange for a ride.
   c. Failure to serve the detention will be reported to the office and result in an In-School Suspension.
   d. Detention has priority over extra-curricular activities.
   e. Re-occurring (3) detentions will result in ISS.
   f. A student serving detention MUST be working on school related subjects/materials during detention time. Newspapers and magazines will not be accepted.

B. IN-SCHOOL SUSPENSION

1. In-School Suspension (ISS) involves the disciplinarian/administration and includes an effective in-school suspension. Such a program can be an effective deterrent to chronic misbehavior and/or serve as a viable step in a progressive system of discipline. These programs seek to create a situation where the students, especially one with a chronic behavior problem, can be isolated from the rest of the students, counseled, and given an opportunity to consider their behavior and how he/she can change that behavior.

2. Basic Guidelines for In-School Suspension:
   a. The student will be in the in-school suspension room or designated area.
   b. The student will be closely supervised.
   c. The student will eat by him/herself only at the designated lunch period.
   d. Students may not sleep and must be working on school related activities at all times.
   e. Students may leave to use the bathroom once in the morning and once in the afternoon. They will be escorted.
   f. Students cannot practice, play, or participate in extracurricular activities on the day of an ISS whether they serve the entire day or any part.
   g. Students may not talk or communicate in any way to other students.
   h. Students placed on in-school suspension will not be counted absent from their regularly scheduled classes. They will be awarded credit for the assigned work they accomplish just as they would were they in attendance in their regular classes. Should their class work involve discussion, debate or other group work that can be done only in the classroom, an alternative writing assignment will be given by the teacher for make-up.
   i. Cell phones, i-pods or any other electronic devices are not allowed.
   j. The students will receive counseling and complete additional tasks as deemed necessary by the disciplinarian/administration.
   k. Parents/guardians will be notified when students are placed on in-school suspension.
   l. If a student is placed in in-school suspension and displays the same behavior in the future, the next offense will result in out-of-school suspension.

C. OUT-OF-SCHOOL SUSPENSION

OUT OF SCHOOL SUSPENSION (OSS) IS FOR AN ACCUMULATION OF DISCIPLINE REFERRALS OR A MAJOR INFRACTION.

1. Students who are absent as a result of a suspension are responsible for the work missed. Credit will not be granted for the makeup work, unless there are extenuating circumstances.

2. After a hearing with the administration, punishment will be out-of-school suspension for no more than
ACTIVITIES

10 days. When the student completes his/her out-of-school suspension, his/her parents/guardians will be asked to bring the student back to school for a conference with the disciplinarian/administrator in charge of the disciplinary action.

3. If a student displays chronic misbehavior which merits more than ONE out-of-school suspension, he/she may be recommended for expulsion.

D. EXPULSION

"Expulsion" is the exclusion of a student from school by action of the Board of Trustees for not less than the rest of the semester for which the student is presently enrolled and for not more than one complete academic year after that semester. If a student is expelled during a semester, the student may or may not receive credit for that semester.

Procedure:
The principal of a school may recommend the expulsion of a student. The recommendation shall be in writing, addressed to the superintendent and shall set forth in detail the charges of misconduct upon which the recommendation is based. The recommendation shall propose the length of the expulsion, when it shall begin and whether or not the student should be granted credit for work completed in the present semester. The names of the persons who may be called as witnesses shall be listed on the recommendation.

Attached to the copy of the recommendation shall be a printed statement informing the student that expulsion has been recommended and of the student's right to request a hearing of the charges, to present a defense, to be represented by another person, to confront and cross-examine witnesses and to present information against the punishment recommended. This statement shall also state the maximum length of time for which the student may be expelled and the possibility of loss of credit for the present semester. It shall also inform the student that he/she must request in writing a hearing within 10 days or he/she shall be held to have admitted the truth of the recommendation.

E. PROGRESSION OF CONSEQUENCES

1. Three detentions in one quarter - ISS
2. Three ISS in one semester - OSS
3. Three OSS in one year - Long term suspension or expulsion
4. ANY OFFENSE MAY BE UPGRADED DEPENDING ON THE SEVERITY OF THE ACTION.
5. STUDENTS WHO ARE REPEATEDLY IN OSS WILL BE REVIEWED BY AN INTERVENTION TEAM.

VII. Activities

EXTRA-CURRICULAR ACTIVITIES INCLUDE, BUT ARE NOT LIMITED TO: ATHLETICS, DRAMA, PEP BAND, STUDENT COUNCIL, NATIONAL HONOR SOCIETY, CLASS REPRESENTATIVES, FFA AND BPA.

It is the belief of Victor School that participation in Victor's extracurricular program is a privilege. Sound educational programs must be based on some kind of philosophy which gives them direction and support. This premise holds true even for our extracurricular and athletic programs. All our endeavors with young people teach skills and values either directly or indirectly. We must be sure that what we teach and why we teach it is for the right reasons.

We want to provide worthwhile educational experiences for all students participating in our extracurricular activities. We believe students learn to work together towards a common goal and to accept individual responsibility.

In athletics they learn as well the qualities of good sportsmanship. We also believe that athletics should provide enjoyable recreation for all concerned whether the game is won or lost.

STUDENTS AT VICTOR HAVE DEMONSTRATED DEDICATION AND COMMITMENT TO ACTIVITIES AT THE SCHOOL. WE ARE PROUD OF THEIR PARTICIPATION, EFFORTS, AND ACCOMPLISHMENTS.
A. ELIGIBILITY - Eligibility will be determined by the following:

1. Students must maintain a 2.0 (C) in each of five of their classes. Eligibility will be considered at the end of each quarter grading period. Students must also meet all MHSA eligibility requirements. A “P” for passing will be considered a “C” or better.
2. A student may become eligible at mid-quarter if they meet the above criteria.
3. Grades will be updated each Tuesday morning by 8:30 a.m.
4. As a support measure, grades will be checked weekly. Students who have a “D” or an “F” in any class, will be required to attend tutoring in that class before they will be allowed to practice. If practice is in the morning, students must have gone to tutoring the day prior. Coaches and teachers will be responsible for enforcing the tutoring policy.
5. Eligibility will go into effect each quarter and continue through to the midterm or following quarter, with exception of the first quarter. Students who were ineligible at the end of the 4th quarter will become eligible on the first day of school but will be on a weekly grade check until mid-quarter.
6. On one-time activities such as reward trips, homecoming activities etc., the administration and staff may meet to discuss possible participation, with consideration given to the student’s effort or progress.
7. A student may become eligible by taking a summer school course, at the students expense.
8. Middle school will start clean each fall quarter. Sixth graders will not be included in eligibility.
9. 7th and 8th grade students must maintain an average of 70% (2.0) per quarter.

New Student Eligibility: Transfer student’s eligibility will be determined according to MHSA eligibility standards (Article II, Section 3) to determine eligibility. Transfer students will comply with Victor School eligibility standards upon the first official, published eligibility grading period during which that student attends Victor School.

These criteria adhere to and exceed the MHSA Academic Eligibility set forth in Montana High School Association Handbook.

B. PHYSICAL EXAM - A current physical examination is required of all athletes. Managers do not need a physical.

C. RANDOM DRUG TESTING - Students in grades 9-12 and their parents must sign a form consenting to confidential random drug testing as set forth in board policy #3350.

D. Participation Rules:
1. The possession, distribution, and use of alcohol, drugs, tobacco/nicotine, and/or any other illicit controlled substances by students is illegal and not permitted at Victor School.

The effects of using these products greatly impact a person’s ability to properly function, rationalize, react, operate machinery or a vehicle and in many cases can cause bodily harm and/or death.

The School Board, administrators, staff, and parents strongly suggest that if a student encounters any other student breaking this rule/law on or off campus it is the responsibility of that student to immediately remove themselves from this potentially dangerous situation and notify the proper authorities. Association with this type of illegal behavior can have negative impacts and/or consequences on the student who is in the presence of someone breaking this rule.

Any student involved in athletics or extra-curricular activities who disobeys this rule WILL minimally be subjected to the following consequences (Refer to Board Policy 3340). Depending upon the severity of the infraction the student may not be able to participate in any extra-curricular activities at Victor School and could potentially be expelled from Victor School.

d. Students must enroll and participate in a school approved chemical dependency program at the student’s expense. Certification of successful completion must be presented to the administration. The student may resume play or participation in contests or events as long as they remain active in the chemical dependency class until completed.
e. The authorities will/may be contacted.

Second Violation:
a. Upon suspicion of violation Parents/Guardian will be notified and a meeting will be scheduled with involved parties.
b. Suspension of all games/activities for the current sports/activities season (the student may practice, but not play or participate in ANY contests, games or events).
c. Student must obtain a school approved professional drug/alcohol/tobacco/nicotine evaluation and then follow the evaluation recommendations. Upon completion of the evaluation and subsequent recommendations, the student is then eligible to participate in the next sports season.
d. The authorities will/may be contacted.
e. Any student found in their second violation of this policy will not be nominated for all conference, all-state or any post-season awards.

Extenuating circumstances may be accepted with the prior approval of the administration.

5. Students are to ride to all away events with the team on the team bus. Students are to return to the school on the team bus under the supervision of coaches unless they have been released to their parent/guardian (A parent must sign a form when they take their child). coaches/supervisors. Normal bus rules will be enforced for all activities. Failure to comply can lead to loss of riding privilege.

The committee shall consist of the school board chairman or designee, the head coach/supervisor, the superintendent, the principal, and the athletic director.

ACTIVITIES

H. MIDDLE SCHOOL ATHLETIC GUIDELINES
1. Safety is the paramount concern. At this stage in the student's development, conditioning against
injury must be stressed. As well, putting students in positions where they must face much larger or
stronger opponents cannot be allowed. Coaches must insure that athletes do not re-enter a contest after
being injured and/or dazed unless he/she is confident that the condition will not be further aggravated.
2. This is the age where fundamentals must be emphasized. These are the fundamentals of the game,
working as a team, and good sportsmanship. A greater amount of practice time must be spent on these
aspects. Also, as fans and parents, we must strive always to model the good sportsmanship behavior
that we want these young athletes to learn.
3. It is important to coordinate high school and middle school programs. Head coaches will provide input
on what can and should be taught and stressed concerning skills and drills.
4. In order to make the sport as enjoyable and as individually profitable as possible, the student must have
playing time in a game situation. Therefore, if the student has been to practice on a regular basis, is
willing and able to play, and all safety considerations have been satisfied, the athlete will be afforded
every opportunity to play in each game.
5. It is hoped that this approach will provide a strong foundation for an outstanding athletic program at
Victor School and that it will enhance the personal development of all students it touches.

I. PRINCIPAL APPROVAL - All school sponsored activities must be approved by the principal. The teacher/coach
must notify all staff members one week in advance with a list of students involved. Students are to make up
work in advance whenever possible.

J. DANCE RULES
1. Faculty advisors must be present at all dances.
2. Only Victor high school students, 9 - 12. will be allowed unless special permission is granted in
advance by the principal. (Middle school students may not bring guests under any condition.)
3. All dances will require the supervision of at least one male and one female chaperone.
4. The organization sponsoring the dance is responsible for cleanup.
5. High school students may not attend middle school dances and middle school students may not attend
high school dances.
6. If a student leaves the dance, he/she will not be allowed to return.
7. All school rules will be enforced.
8. Hours for dances are: No later than 1:00 a.m. for high school.
9. Middle school dances will only take place during the academic day.

K. STUDENT RESPONSIBILITIES WHILE ON ACTIVITY TRIPS
1. The student should be at the school at least fifteen (15) minutes before the bus is ready to depart.
When there is a charge for the bus, payment must be made in advance of the trip. Insufficient numbers
will force cancellation of buses.
2. Students are under the full authority of the chaperon and bus driver from the time they are picked up
until they return to school. Students may be assigned seats on the bus.
3. Students need to maintain reasonable quietness throughout the entire trip. Remember your safety is in
the bus driver's hands. Your cooperation is needed.
4. When arriving at the destination, the student will conduct himself/herself in such a manner that we can
all be proud to say we are from Victor. Once the bus unloads, the student is to enter the building and
remain there until the activity is over, unless given instructions to do differently.
5. Any student who signs up to ride an activity bus must return with the activity bus, unless they have
been released and signed out to his/her parent/guardian. Violation of this rule will result in the student
losing the privilege to ride on further activity trips for the remainder of the year.

VIII. Honor Activities
A. NATIONAL HONOR SOCIETY - National Honor Society is open to sophomores, juniors and seniors who have a
cumulative 3.5 GPA by the end of the first semester each year. Students are selected on the basis of leadership,
service and character by a faculty council.

B. HUGH O’BRIEN CONFERENCE (HOBY) - The Hugh O’Brien leadership conference brings together outstanding
sophomores from all over the state for workshops on leadership and our free enterprise system. Each year one sophomore from Victor High School is selected to represent the school at the conference.

C. MONTANA BOYS & GIRLS STATE - These programs are designed to familiarize students with the practical function and operation of our state and local governments. Delegates are juniors selected by the faculty and administration on the basis of leadership, character, scholarship and interest in the governmental process. The delegate and alternate must submit an application that is reviewed by the faculty and administration. The final selection is based on communication, persistence, integrity, cooperation, scholarship, and interest in the governmental process.

APPENDIX B
Victor School District Internet Acceptable Use Procedure

We are very pleased to bring internet access to the Victor School District and believe the Internet offers vast, diverse, and unique resources to both students and teachers. Our goal in providing this service to teachers and students is to promote educational excellence in schools by facilitating resource sharing, innovation, and communication.

The Internet is an electronic highway connecting thousands of computers all over the world and millions of individual subscribers. Students and teachers have access to:

A. Electronic mail (email) communication with people all over the world.
B. Information and news from NASA as well as the opportunity to correspond with the scientists at NASA and other research institutions.
C. Public domain software and graphics of all types for school use.
D. Discussion groups on a plethora of topics ranging from Chinese culture to the environment to music to politics.
E. Access to many University Library Catalogs, the Library of Congress, and ERIC, a large collection of relevant information to educators and students.
F. Graphical access to the World Wide Web, the newest and most exciting access tool on the Internet.

With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of school setting. Victor School District has taken precautions to restrict access to controversial materials. However, on a global network it is impossible to control all materials and an industrious user may discover controversial information. We (Victor School District) firmly believe that the valuable information and interaction available on this worldwide network far outweighs the possibility that users may procure material that is not consistent with the educational goals of the District.

Internet access is coordinated through a complex association of government agencies, and regional and state networks. In addition, the smooth operation of the network relies upon the proper conduct of the end users who must adhere to strict guidelines. These guidelines are provided here so that you are aware of the responsibilities you are about to acquire. In general this requires efficient, ethical and legal utilization of the network resources. If a Victor School District user violates any of these provisions, his or her account will be terminated and future access could possibly be denied.
The Signature(s) at the end of this document is (are) legally binding and indicates the party (parties) who signed have read the terms and conditions carefully and understand(s) their significance.

Transmission of any material in violation of any national or state regulation is prohibited. This includes, but is not limited to: copyrighted material, threatening or obscene material, or material protected by trade secret.

B. Privileges - The use of the Internet is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. (Each student or teacher who receives an account will be part of a discussion with a Victor School District staff member pertaining to the proper use of the network.) The system administrators will deem what is inappropriate use and their decision is final. Also, the system administrators may close an account at any time as required. The administration, faculty, and staff of Victor School District may request the system administrator to deny, revoke, or suspend specific use accounts.

   5. Do not use the network in such a way that you would disrupt to use of the network by other users.
   6. All communications and information accessible via the network should be assumed to be private property.

D. Victor School District makes no warranties of any kind, whether expressed or implied, for the service it is providing. Victor School District will not be responsible for any damages you suffer. This includes loss of data resulting from delays, non-deliveries, miss-deliveries, or service interruptions caused by its own negligence or your errors or omissions. Use of any information obtained via the Internet is at your own risk. Victor School District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

E. Security - Security on any computer system is a high priority, especially when the system involves many users. If you feel you can identify a security problem on the Internet, you must notify a system administrator or your Victor District Internet Coordinator. Do not demonstrate the problem to others. Do not use another individual’s account without written permission from that individual. Attempts to log on to the Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to Internet.

F. Vandalism - Vandalism will result in cancellation of privileges. Vandalism is defined as any malicious attempt to harm or destroy data of another user, Internet, or any of the above listed agencies or other networks that are connected to any of the Internet backbones. This includes, but not limited to, the uploading or creation of computer viruses.

Students must abide by the above Internet Use Procedure. Violation(s) of the regulations above is unethical and may constitute a criminal offense. Should violations be committed access privileges may be revoked, school disciplinary action may be taken, and/or appropriate legal action.
